Five reasons why YOU should purchase land in BELVEDERE

1. Because Belvedere with its comfortable and pretty homes, large forest trees, excellent transportation, city merchants' delivery, improved streets, gas and electric lights, pure air and water enjoys the conveniences of the city combined with country advantages.
2. Because the people at Belvedere are the kind you want to know.
3. Because over one hundred delightful residences have already been erected.
4. Because lots will become scarce, land values are climbing, and you can buy at lower prices now than a year from now.
5. Because if you don't buy now, the very lot you want may be gone tomorrow.
